MEMORANDUM FOR: Director of Central Intelligence
SUBJECT : New DCIDs for WSSIC and STIC

1. At the 4 September meeting it was agreed that a new USIB Committee would be established to replace the Guided Missile and Astronautics Intelligence Committee (GMAIC). This new committee, the Weapon and Space Systems Intelligence Committee (WSSIC), would assume operational weapon systems functions from the Scientific Intelligence Committee (SIC) which would be renamed the Scientific and Technical Intelligence Committee (STIC). It was further agreed that DCIDs Nos. 3/4 and 3/5 would be revised to reflect these actions.

2. Since then the IC Staff has worked closely with the chairmen of WSSIC and STIC to develop the new DCIDs which are attached for your consideration. In particular we were able to solve a problem between the two chairmen by suggesting language to define more precisely each Committee's responsibilities in the area of future weapon systems. The language we proposed, while not removing the "gray area" of potential overlap, did reduce it to acceptable limits and was satisfactory to both chairmen.

3. Recommend you approve the new DCIDs Nos. 3/4 and 3/5 subject to the concurrence of the USIB.
